

ADS applied data science '17

Conference about **Data science & Machine Learning**

16-17 May 2017

Wrocław Congress Center - Centennial Hall

Applied Data Science is collocated with [SQLDay](#), the largest conference on databases, data platform, big data, advanced analytics and business intelligence in Central and Eastern Europe.

ADS'17 is the conference for industry experts and academics, who are interested to discuss current and upcoming trends, case studies, innovations and research in the data science field.

Participants will be invited to submit their papers to post-conference special issues of **Foundations of Computing and Decision Systems** and **Zeszyty Naukowe WSZiB**.

Submission: [abstract](#) (100-150 words in Polish or English).
Final paper: after the conference (submission date will be announced later).

Attendance fee: [600 PLN](#) (net price).

Topics of Interest:

- Advanced Analytics
- Algorithms
- Artificial Intelligence
- Big Data
- Business Intelligence
- Data Mining
- Data Visualization
- Deep Learning
- Graph Theory
- Machine Learning
- Pattern Recognition
- Predictive Analytics
- Social Networks
- Statistical Learning

Submission deadline: 2017/04/23

Organizers:

PLSSUG Association
Pl. Solny 15, 50-062 Wrocław
